Sir:

In response to the Office Action dated October 26, 1998, please reconsider the above-identified application amended as indicated below.

IN THE CLAIMS

Please amend claims 5, 11 and 17 as follows:

5. (Twice Amended) A radio communications system comprising:

an intermittent power-on type mobile station for shifting to a power-on state synchronously with a received timing of a beacon signal, with a fixed period of time after the beacon signal has been received being a data receive-ready period; and

a base station for emanating a beacon signal to said intermittent power-on type mobile station and communicating with said intermittent power-on type mobile station by radio while said intermittent power-on type mobile station is controlled[;].
